Lady Eaton,

Dear Lady Eaton:

I find on inquiry that Mr. Clifford V. Mulligan is a good student. He has finished his second year in Medicine and is now in the third year.

Owing to the office being closed through lack of heat I was unable to secure this information for you earlier.

With kind regards, I am,

Yours sincerely,

President.

Dear Lady Eaton:

I regret to find on further inquiry that wrong information was given to me about Mr. Mulligan. His standing is better than I reported to you at first. Having gone overseas he has been granted standing in the fourth year in Medicine with only one subject against him. I am glad this is better than my first account.

Yours sincerely,

President.
